## How to order General information

The style and dimensional requirements are designated by following the steps show below and filling in the boxes at the bottom that corresponds to the steps you go through.

All stainless steel worksurfaces and tables are 16 gauge type 304 stainless steel with a #4 satin finish unless otherwise specified. All back and side splashes come standard 4 inches high. Other heights available upon request. Tops ordered with sink bowls have a beaded edge. Each sink bowl is determined by the customers specification (single or double bowl).

Each table is mounted on 1 5/8" stainless steel tubular legs with adjustable bullet feet. Cross rail bracing is welded on both ends. All sides are turned down 90 degrees for a flush fit. The underside of the top is reinforced with heavy steel channel and sound deadening material. The bottom shelf is 18 gauge steel with a #4 satin finish.

Step 1  Determine the over all dimension of your counter top.  A X B  You can specify either dimension to 1/8 of an inch.	0	A — — — — — — — — — — — — — — — — — — —
Step 2 Select back splash and side splash from the examples to the right. Back & Side Splash:		B
Step 3 Select counter top edge. Either square edge (SE1) or marine edge (ME2). Edge Profile:	2	BS1 BS2 BS3 BS4
Step 4 (Optional, upon request, please call) Select sink style, size and position in counter top. Determine sink size, (single or double bowl, width, and depth).	3	SE1 ME2
5 Base Select from the option to the right. If selecting CB5 we will ship tops flat. If selecting TB5, table base will be sized to match top dimensions. If selecting WM5 wall mounted top, the appropriate depth bracket will be shipped.	4
